Your club for archery and  
rehabilitation sports

# Rehabilitation whisper

The challenge of rehabilitation sports is far more than to become fit and physically efficient again.

Find out where your limits are, deal with them and set your individual goals.

Discover for yourself an adequate capacity and readiness and enjoy the body feeling and your progress in reaching your aims.

It works, we can promise...

# Archer's wisdom

The bow is more than just a sports device – we know that.

We also know the needs for archery - individually conformed equipment as well as a respectable solid archery technique.

We provide this knowledge with pleasure to you. Practicing the mentioned solid technique will result in hitting the target.

Soon you will also know the reasons ...
